

Component Hardware® LED Vapor-Tight  
 Surface / Suspended Mount Luminaire with  
 Clear Ribbed Lens for Cooler/Freezer

# LED48X754-CL-N

Dimensions shown in inches (mm) are for reference only and are subject to change.

Power Consumption: 50 watts 0.50 - 0.20 amps  
 Input Voltage: 100 - 277 VAC 50/60Hz  
 Operating Temperature: -40°F to 122°F (-40°C to 50°C)  
 Color Temperature: Natural White (5000K)  
 Color Rendering Index, CRI > 80  
 Beam Angle: 120°  
 Power Factor > 0.9

Approximate shipping weight - 10 lbs  
 Warranty - 5 year complete fixture

Low profile, high light output, energy efficient LED light

**Specifically designed for walk-in refrigeration applications**

- Operating temperature from -40°F to 122°F (-40°C to 50°C)
- LED strips reject little heat into refrigerated space
- Corrosion-free, high impact reinforced polycarbonate housing
- Instant on even in freezers; no ballast to warm up
- IP-65 rated for damp locations

**Environmentally friendly, energy efficient**

- HACCP Compliant – LED lighting runs cooler than old incandescent and fluorescent fixtures, helping you to better control food temperatures in your refrigerators/coolers/freezers. In addition, LED lights do not contain harmful mercury, like fluorescent fixtures, eliminating a potential chemical hazard in your workplace.
- 50,000+ hours rated life; reduces landfill waste; lowers maintenance costs
- Exceeds Federal Energy Act requirement
- Contributes to LEED® energy use reduction credits

**High output, bright light**

- 70 foot candles at 6' – 7x the minimum requirement for walk-ins
- Molded polycarbonate ribbed diffuser disperses light evenly and in a wide angle
